Flexible Tax-free Option

When you save, and invest your savings money regularly and consistently, you can enjoy the lifestyle you want. With a tax-free investment the money you invest can grow tax-free. You pay no income tax, no tax on dividends, and no capital gains tax. This means that your money can grow faster than many other types of investments where you must pay tax.

You can use it as part of your overall financial plan to invest towards any long-term goal that is important to you, like boosting your retirement savings so that you have enough money to retire comfortably one day. The sooner you start investing, the better. You do have access to the money, but a tax-free investment is more meaningful if you stay invested and don't neglect the window of opportunity you have every year. If you have used your full allowance during a year, and withdraw, you can't reinvest during that year.

Singular personalisation on your journey to success

Our investment platform helps you build and protect your financial dreams on your journey to success, whether immediate or over the longer term.

With singular personalisation, we reimagined the idea of an investment platform where technology makes personal objectives and goals the centre of all investment experiences. By offering a world of choice to suit each person's investing needs, your financial adviser can guide you with sound financial planning and advice for your different financial goals.

Each person's investing journey to success is unique and personal.

With us, you can shape that journey in the most singular way.

How can the Flexible Tax-free Option help you?

You can invest for a goal and benefit from not having your investment taxed. If you leave it to grow for as long as possible, you'll benefit from compound growth potential. The opportunity to invest tax-free every year, almost lends itself to a built-in discipline to save and invest for the long term. You choose how you would like to invest, and the most suitable investment solutions to achieve your goal.
