

# Momentum Alternative Energy Fund

August 2021

## Investment strategy

The portfolio is a domestic impact portfolio that targets fundamental social and environmental challenges while also seeking a financial return. The portfolio invests in the equity and debt instruments of sustainable energy companies and projects. Sustainable energy companies are those which are engaged in alternative energy technologies including renewable energy technology; renewable energy developers; energy storage; energy efficiency; enabling energy infrastructure. The portfolio will not invest in companies involved with fossil fuel and consumables, and related technologies.

## Investment portfolio mandate

The portfolio invests predominantly in unlisted equity instruments but can also hold unlisted debt instruments. Equity positions can only be minority positions. Funding is provided to alternative energy initiatives, renewable energy and energy efficient projects in South Africa.

## Benchmark allocation

Inflation plus 6% per year before any costs and fees, over three-year rolling periods.
