Your instruction

1. You may not change any part of this form. When you correct any information you have completed, sign next to it.
2. Based on the information you provide, we may need to ask for additional information and documents.
3. If we cannot process any part of this instruction, we will inform you or your financial adviser.

Guide to completing this form

1. If you are completing this form on behalf of someone else, we also need your **Personal details declaration** form if you have not given it to us or if any of your information changed.

Cut-off times

1. Please note that if the instruction and documents received are in order, the following cut-off times apply:
 - For money market funds the daily cut-off time is 10:00.
 - For all other funds the daily cut-off time is 14:00.
2. If we cannot process the transaction on the same day, it will take place on the next business day or at the earliest possible opportunity according to legislation, our administration processes and any other unit trust limitations. We will determine the fund's price at the confirmed day's net asset value (NAV) unit price.

Withdrawal rules and process

1. If you withdraw and the remaining investment value after a withdrawal is less than an amount determined by us from time to time and you do not have an active debit order in place, we may ask you to fully withdraw.
2. A waiting period is placed on the units that we buy with the money we received on your investment. You cannot withdraw or do a unit transfer on these units until the waiting period is over.
3. For a full withdrawal, we can only refund a regular investment amount after 45 days.
4. If you ask us to sell a rand amount and it is close to the most recent value of the investment component, we need to add a margin for significant unit price changes. If we still receive less, we will proceed with your instruction with the lower amount. You can read more about this component in this investment's [terms](#).
5. The preferred date of withdrawal indicates the date the instruction will be processed. It can take up to three business days before the money reflects in your bank account.
6. If we pay your withdrawal amount into your bank account and your payment is returned for any reason, we will reinvest the money into the relevant fund(s). You will carry any risks regarding market movements and will be liable for any costs of the reinvestment.

Payment information we may need

1. If we cannot verify the bank details you provide, we will ask you for official proof of this account from your bank, not older than three months.
